

One **sky**. One **ocean**. One **opportunity**.

BECOME AN AMCC/1SKY ALLY TO HELP FIND SOLUTIONS TO CLIMATE CHANGE AND OCEAN ACIDIFICATION IN ALASKA

MOBILIZE AMERICA FOR SOLUTIONS: Create 5 million new jobs with a sweeping national mobilization for climate solutions, energy independence, and investment in a new energy economy. Conserve 20% of our energy by 2015. Invest in efficiency and a Clean Energy Corps, and challenge all sectors of society to save energy immediately.

SECURE OUR FUTURE: Do what science says is necessary: reduce global warming pollution at least 25% below 1990 levels by 2020. Get on a realistic path to the reductions needed to avoid dangerous climate change: at least 80% below 1990 levels by 2050. Design our climate policy to support and reward accelerated public and private investment in solutions.

TRANSFORM OUR ENERGY PRIORITIES: End development of new coal plants that emit global warming pollution. Pivot boldly away from fossil fuel dependence, and toward a clean energy future with strong standards and incentives for energy efficiency, renewable energy, and the growth of "green jobs."

BY SIGNING ON AS AN ALLY: You will be notified of impending federal legislation and ways you can assist our efforts.

Sign Up to Be an AMCC/1Sky Ally: Send name, contact information, and email address to john@akmarine.org. And, get others to join as AMCC/1Sky Allies. Alternatively, you can also fill in information on the attached signup form and I will compile it to send to AMCC/1Sky.
